Player Fees may be paid in two equal payments - one in December/January and a second payment by February 28.

Team expenses (which and how many tournaments entered, travel costs, additional clothing items, team functions, year-end activities including Club Banquet) will determine Player Fees. Team Treasurers will prepare a budget at the start of the season and a final accounting at the end of the season. Any fees remaining at year-end (after accounting for equipment and medical kit returns and reimbursements) will be refunded.

Gym rentals are centralized through JCVC and allocated to each team. Costs for gym rentals secured outside these allocations will be absorbed by the individual team.

JCVC promotes a common team appearance at tournaments which is why the Club attempts to maintain similar apparel from year to year. Teams may choose for all players to obtain additional apparel (warm-up shirts, sweats, sweatshirts, bunnyhugs) as part of the "team uniform".
